What Are the Goals of the Seymour Lake Association ?

- **Improve and Protect Seymour Lake Water Quality**
- **Increase the SLA membership among property owners and Users**
- **Improve the Educational Communication and Awareness Related to Water Quality and Lakeside Land Management**
- **Work with the State and Towns to help achieve our goals**

What Does the Seymour Lake Association Really Do ?

- Water Quality Sampling for Clarity & Chemical Structure
- Maintains an Invasive Species Inspection Program at the Boat Ramps
- Monitors and Help manage the Lake Water Level and the Operation of the Dam
- Sponsor a Swim Program for local children in Morgan and surrounding area
- Fishing Monitoring and management with State of Vt

- Educational & Communication Programs which publish Newsletters, Lake Properties Map, State Bulletins on Boating and Land Use, Water Quality Education Issues and the Seymourlake.org Web Site.
- Conducts an Annual Meeting open to all to discuss our plans and directions, and has an annual social outing to promote personal contact between all interested parties.
- Raises Funds from Individuals and through Public and Governmental grants to fund our current programs and “Emergency Funds” to be able to act quickly if the Lake is threatened by issues related to Water Quality protection.
- Coordinates and Focuses a dedicated group of individuals to achieve our goals.
